

SERVING THE ORPHANED AND POOR IN SWAZILAND

LANGUAGE LESSON

Hello - Sawubona
 How are you? Unjani?
 Good bye - Hamba kahle
 Jesus loves you - Jesu Uyakuthanza

All4Jesus has much to thank God for as we look back on 2011. By God's grace and your partnership, we have continued to work faithfully serving the orphans and destitute children of Swaziland, Africa.

In 2011 our ministry began to develop plans for the new All4Jesus Orphanage and Community Care Center. We are securing a portion of land large enough to be a refuge for fifty orphans along with many agricultural projects to sustain the mission. We will also be constructing a community care center designed to nurture the destitute children living near the orphanage. Building should commence by Summer of 2012. Our feeding program is growing and continuing to provide two hot meals a day for hungry children. As we receive more funds for the feeding ministry, we hope to expand into other areas of Swaziland. On our last trip to Africa, God ordained for us to be presented to Her Majesty, the Queen Mother of Swaziland. It was an honor to share with Her Majesty the vision that God has entrusted to us. The Queen has a deep love for her people and sees All4Jesus as a partner in God's work to uplift the Swazi nation into the abundant life Jesus promised to all who believe in Him.

SAFARI CHALLENGE

Can you name the TOP FIVE African animals to see on a safari?
 (Answers on bottom)

- Future All4Jesus Orphanage**
- ← Family style homes for 6 - 8 children each.
 - ← Agricultural projects to sustain the mission.
 - ← Child care center for destitute children.

Would you prayerfully consider if God is asking you to be a part of His work in Swaziland? There are children who need to know that their heavenly Father loves them and has not forgotten them. God sees their hunger, loss, and pain, but it is through people like you, that He reaches out to them with His love. For more information about our mission in Swaziland: www.all4jesusfoundation.org

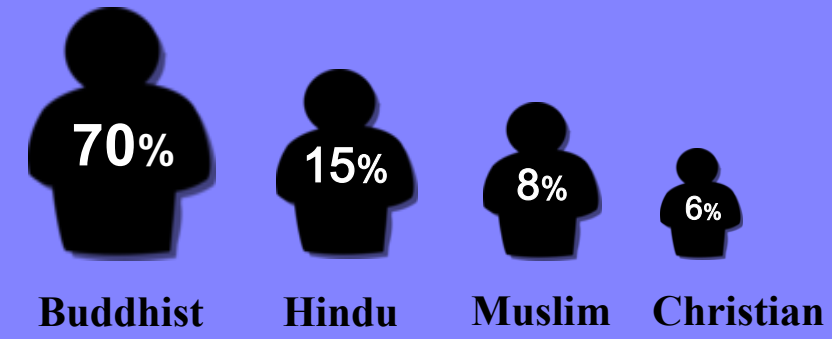

REACHING THE UNREACHED IN SRI LANKA

Sri Lanka is a small island country located off of the coast of India. It is famous for the production of tea, coffee, coconuts, and cinnamon. An estimated 94% of the population, almost 19 million people, have not heard about Jesus. The majority of Sri Lanka practices Buddhism, which is the official religion of the country. Buddhism is a religion based on the life of Buddha and teaches that through cycles of suffering and death, a person can reincarnate into another human, animal, ghost, or other form of life until they are one with the Universe.

All4Jesus desires to bring the Good News of Jesus Christ to the people of Sri Lanka. Through our Bible College training and Pastor sponsorships, people are hearing about God's love and the free gift of eternal life in Jesus Christ.

RELIGION IN SRI LANKA

Right - Baptism of new believers in Christ. Bottom - New Christians receiving their first Bible.

From RELIGION to Relationship

In large numbers, Buddhist and Hindus are receiving Jesus Christ as their savior. We are hearing reports from our pastors of miracles and divine healings during their Gospel events. People are being set free from the bondage of religion and being brought into a loving relationship with their heavenly Father. Last month we had 67 Buddhists and Hindus place their faith in Jesus Christ.

However, there are still many strongholds to overcome in this nation. Demonic rituals and spells are commonly practiced. Sri Lanka is still suffering from the aftermath of a recent civil war leaving behind death, poverty, and hopelessness. "The harvest is plentiful but the workers are few." We need your help to bring Sri Lanka the eternal Hope that every soul is longing for. The perfect hope of

Jesus Christ.

In this New Year, All4Jesus asks you to join us and share the gift of Christ with someone who has never heard the Good News.
